Due. Wednesday, July 10th, 2019

What To Do

Part 1: How's it going?

We just want to know how things are going with your project. You do not have to do anything extra for this milestone other than keep working on your project. On Wednesday, July 10th we will take a look at your project repository to assess if you are making progress towards completing this project.

What To Turn In (OPTIONAL)
